ELECTION RESULTS

The elections proved to be a very close race for the various positions. This was, no doubt, due to the quality and excellent qualifications of the candidates who were running for office.

Congratulations go out to **Charles Hirschman** of the University of Washington who was elected Chair-elect of the Asian and Asian American Section. He will serve two years as chair-elect, two years as chair, and two

years as past chair.

Congratulations also go out to **Karen Joe** of the University of Hawaii and **Eun Mee Kim** of the University of Southern California who were elected as our new council members. We look forward to their guidance and input in the upcoming years.

Special thanks go out to **Gary Hamilton** for all his work and time in soliciting candidates, running the elections, and counting and validating the ballots.

SPECIAL THANKS TO LIN, FERNANDEZ, AND TAKEUCHI

The elections of new officers of the ASA Section on Asia and Asian Americans mark a changing of the guard. The guidance, time, planning, and work expended by our Chair **Nan Lin** and by our two outgoing council members, **Marilyn Fernandez** and **David T. Takeuchi** during the past three years have done much to build, shape, and direct our section. Much of what the Section is today is due to the boundless energies and dedication of these three individuals. A special thanks goes out to each of them. We are greatly appreciative of their dedication and service to the Section.

Lucie Cheng will assume responsibility as Chair of the Section and **Nan Lin** will continue to offer his guidance and insights as he continues to serve on the Board as Past Chair. **Charles Hirschman** comes on as Chair-Elect.

SECTION MEMBERSHIP

The current membership for the Asia and Asian American Section of the American Sociological Association stands at 346! Please try to recruit members to our section, especially those graduate students who can join the Association at a discount.

EMOTIONS SECTION'S INVITATION

The Sociology of Emotions section invites members of the Asia and Asian American section to participate in a major roundtable session with the theme, "Infusing Social Institutions with Emotions," which will take place at the 1994 ASA meetings in Los Angeles.

The topic stems from James Coleman's 1992 presidential address in which he proposed that new, rationally-constructed social institutions, are needed to replace older, nonfunctioning social forms, and that sociologists should address how the new institutions can be built, for example in education, the family, work setting, etc.

In keeping with his theoretical bent, Coleman stressed the rational incentives that would make the new institutions effective. But the Emotions Section challenged Coleman on the ground that social institutions don't succeed on the basis of rational incentives alone. They must also induce suitable *emotions* -- commitment, trust, liking, hope, respect, enthusiasm, loyalty, confidence, satisfaction, and the like -- in their participants. Coleman agreed and urged members of the Emotions Section to provide understandings of how the important emotional microfoundations of macro institutions can be created.

The Emotions Section is responding to the challenge, but also invites all sociologists with interests in institutional structure and performance to contribute to the topic from the unique perspective of their institutional interest. Papers, ideas for discussion topics, etc. should be submitted to: Viktor Gecas, Department of Sociology, Washington State University, Pullman, WA 99164. DEADLINE: December 31, 1993. Please join the Emotions Section in this effort to add flesh and blood to the bare bones of Coleman's important and interesting proposal.
