PROGRAM

Seventy-Fourth Annual Meeting

Sheraton-Boston Hotel • Boston • August 27-31, 1979

**THE RELATIONSHIP BETWEEN
THEORY AND RESEARCH:
AN ASSESSMENT OF FUNDAMENTAL PROBLEMS
AND THEIR POSSIBLE RESOLUTION**

Every discipline needs to be continuously concerned about the *quality*, as well as the quantity, of what it is producing and the ways in which its knowledge and thought processes are transmitted to the outside public. This periodically requires a highly self-conscious examination of the nature of the difficulties we face and alternative strategies for coping with them, as well as an honest assessment of our successes and failures. Several of the featured sessions of the 1979 ASA program are devoted to such an appraisal, which we hope will serve as a catalyst for a much more extensive and sustained effort.

The Plenary Sessions are concerned with theory development and the relationship between theory and research. There are also 16 Thematic Sessions, each in a different substantive field, in which distinguished panelists address themselves to a series of questions concerned with the interface between theory and research. A series of five sessions, titled "Issues in Teaching", deal with important problems connected with how we can improve our communications with one of our most important audiences, our students. Finally, there is a series of "Major Debates" focused on some of the perennial types of issues that crosscut several of our substantive fields.

The spirit of these sessions, which I personally hope will be conveyed, is that there is a considerable need for sociologists to pull together to assess our common theoretical and methodological problems, many of which have been neglected for far too long. These problems, though formidable, can be systematically studied and eventually overcome provided we can find more effective ways to bring our theoretical and methodological specialists into closer working relationships with those who are primarily concerned with conducting empirical investigations in our growing number of substantive subspecialties.

They are in attendance for the purpose of keeping the convention operating and solving problems as they arise. However, the demands on staff time and equipment must be limited to official ASA functions. Individuals or groups needing office equipment can rent it through the convention service office of the hotel, and a commercial reproduction center is available on the third floor of the hotel.

ASA Information Desk—Constitution Foyer

This desk will be staffed with ASA Executive Office personnel who will provide information on membership, subscriptions, etc. Copies of the *1979 Directory of Members*, *Directory of Departments*, and *Guide to Graduate Departments of Sociology* will be available for purchase, as well as other ASA publications.

Book Exhibits—Hynes Exhibit Hall

You are urged to visit the Book Exhibits in the Hynes Exhibit Hall. Access is down the corridor from the Jefferson Room on the third floor of the Sheraton-Boston Hotel. Exhibits will be open Monday through Thursday, 9:00 a.m. to 5:30 p.m.

Child Care

Parents should make their own child care arrangements from an approved list of sitters provided by the Executive Office. Parents will pay all fees themselves and then file for reimbursement after the Annual Meeting. The ASA will reimburse parents for 50% of the fee incurred providing an appropriate receipt accompanies the request. Such receipts must give the name and age of the child, the hours for which the service was provided and must be signed by one of the approved sitters. Fees will be reimbursed only for those hours during which program sessions are being held. A list of approved sitters and receipts may be obtained at the ASA Information Desk in the Constitution Foyer.

Employment Service—Beacon Complex

The Employment Service will be open Sunday, 12:30 p.m. to 5:00 p.m.; Monday through Thursday, 8:30 a.m. to 5:00 p.m.; and Friday, 8:30 a.m. to 12:30 p.m.

Facilities will be available for reviewing listings, exchanging messages, and interviewing. If you have pre-registered for the Employment Service, report to the Beacon Complex as soon as possible to activate your file. If you have not registered, you should do so as early as possible.

All persons using the Service must register for the Annual Meeting as well as for the use of the Employment Service. Once registered, you will be issued a pass permitting your entrance to the Service any time it is open. No one will be admitted without a pass. Fees for the use of the Employment Service are: ASA member applicants—\$5.00; non-ASA member applicants—\$20.00; Employers—\$25.00.

Paper Sales—Hampton

Papers will go on sale at 2:00 p.m. on Sunday at the price of \$1.00 each. All session papers which were submitted to the Executive Office for duplication and/or distribution at the Annual Meeting appear on the list of "Available Papers" in the Hampton Room and may be purchased there as long as the supply lasts. Orders cannot be accepted for future delivery. Requests for papers which have sold out or were not supplied must be sent directly to the authors; in order to facilitate this procedure, a list of authors' addresses may be purchased for \$1.00. The Presidential address and the Plenary and Thematic Session papers are scheduled for publication at a later date and, therefore, will not be available.

Major Debates

The Program Committee has planned a unique series of major debates, each involving two scholars who the Committee anticipates will take very different positions on the question at issue, although participants will not necessarily endorse either of the two extremes. The format for the debates will involve initial position papers and rebuttals, followed by open discussion.

The sessions for these debates are as follows:

Session 11, Monday, 10:30 a.m.: *Is It Time to Bury Karl Marx?*

Panelists: Lewis A. Coser and Lewis S. Feuer

Moderator: Joseph Gusfield

Session 29, Monday, 2:30 p.m.: *Convergence vs. Divergence in Industrial Societies*

Panelists: Alex Inkeles and Robert E. Cole

Moderator: Walter Wallace

Session 62, Tuesday, 10:30 a.m.: *Heredity vs. Environment*

Moderator: John Kasarda

Session 206, Friday, 10:30 a.m.: *Primordial vs. Class Approaches to Ethnicity and Race*

Panelists: Edna Bonacich and Kiyoshi Ikeda

Moderator: Charles Y. Glock

Thematic Sessions

The Thematic Sessions reflect the overall program theme which centers around the goal of assessing the state of sociology in terms of the needs to improve our theories and research, and have been carefully developed by the Program Committee in hopes that this particular aspect of the program will offer insight into the question of how the gap between theories and research can be reduced. In inviting panelists to present major papers for these sessions, the Committee asked panelists to consider various areas within their fields of specialty, such as the important unresolved theoretical issues, the kinds of clarifications needed, the problems of conceptualization and measurement, the practical problems of data collection and analysis, how theory and research can be brought into a closer relationship, and how advances in other fields of sociology might be assimilated into the panelists' fields.

For details on the topics and participants, refer to the following sessions: *Monday*, session numbers 1, 10, 40; *Tuesday*, 49, 61, 70, 78, 91; *Thursday*, 157, 168, 176, 187; *Friday*, 195, 205, 219, 228.

Luncheon Roundtables

The list of luncheon topics and presenters is printed in the body of this Program under Session 27 on Monday, Session 77 on Tuesday, Session 175 on Thursday, and Session 218 on Friday.

Some tickets are still available for some of the luncheons; the numbers are listed on a bulletin board at the Luncheon/Seminar Ticket Desk in the Constitution Foyer. Also listed are the luncheon numbers for which the presenters have left materials for distribution to the participants.

Persons who have confirmed reservations should have received their tickets along with their badges. If, however, your check and reservation request were received in the Executive Office too late for processing, a refund will be made at a later date. Please check at the Luncheon/Seminar Ticket Desk. Ticket sales will be closed one-half hour before luncheons begin each day.

Cancellations will not be accepted later than 48 hours prior to the scheduled luncheon. You may, however, sell your ticket to someone else if you are unable to attend.

Historically, there have been problems concerning admittance to the luncheon room. In fairness to members who have paid for their reservations, your cooperation with the personnel in charge is essential. *No one will be admitted to the room without a valid ticket.* Observers are not permitted. Waiters, who will collect all tickets, will not serve luncheon to anyone who is seated at the wrong table.

Informal Discussions

The Informal Discussions are designed to give individuals an opportunity to meet with colleagues who have mutual research interests. Each topic has been assigned a numbered table, which seats ten persons. Seats are available on a first-come, first-served basis. No reservations are necessary.

Check the program for the location of each informal discussion.

Ad Hoc Working Groups

Groups interested in establishing networks centered around common research problems and agenda were invited to petition for space to meet during the Annual Meeting. A list of topics and conveners and the location and times of these meetings is posted on the ASA Official Bulletin Board in the registration area.

The Program Committee's intent is to provide an opportunity for formation of these networks, but the groups must be self-sustaining and motivating if the contacts are to be continued beyond the Meeting.

ASA Business Meeting

The annual business meeting of the Association is scheduled for Thursday, August 30, at 10:30 a.m. During this meeting, the officers will present their reports to the membership. Following this, members' resolutions may be presented for discussion and action.

Resolutions for the business meeting should be delivered to the ASA Headquarters Office before 10:00 a.m. on Tuesday. The time of receipt will be noted on each; the Executive Office staff will then post these resolutions in the registration area for all members' attention. These resolutions will be given preference on the agenda for the business meeting over resolutions not submitted beforehand. Unposted resolutions will be permitted, up to the limit of time available, before the 12:30 p.m. adjournment.

Only voting members may present, discuss, or vote on resolutions at the Business Meeting.

ASA Section Activities

All Section activities will be held on Wednesday between the hours of 8:30 a.m. and 6:30 p.m. No other official ASA programs or meetings are scheduled on Section Day, allowing all members to freely participate in the Section sessions. For the 18 current Sections (plus three in formation), a total of 77 separate activities has been scheduled. Each Section has organized three paper sessions in addition to regular Council and Business meetings. The format of these sessions is varied, ranging from formal paper presentations to roundtable discussions.

Check the Program Summary and the body of the Program for Wednesday for details of Section activities.

DAN!

The *Seventh Annual Departmental Alumni Night* (DAN) party will be held on Wednesday evening at 9:30 p.m. This gathering provides the opportunity to "see and be seen". Just find the banner from the institution you attended, served, are serving, or hope to serve. Renew past acquaintances and form new ones. Each graduate department in the United States and Canada has been invited to participate. Central cash bars will be available to aid in the conviviality.

Student Reception—Room 570

In an effort to provide more opportunities for students to meet and chat informally with other sociologists, the ASA Committee on the Status of Women in Sociology, the ASA Committee on the Status of Racial and Ethnic Minorities in Sociology, and the ASA Committee on the Profession announce a student reception to be held on Monday, August 27, from 7:00-8:30 p.m. The reception is designed to provide opportunities for students to meet and chat informally with other sociologists from academic and non-academic settings, from 4-year colleges, junior colleges, and graduate faculties, and from diverse specialties within sociology. There will also be information available on careers in sociology.

This reception is open; all students and practicing sociologists are invited to attend.

NOTE: Due to the special session on Talcott Parsons, the Tuesday evening reception has been cancelled.

Activities of Other Groups

Meetings, times and locations of unofficial ASA activities are listed elsewhere in this Program. Except in a few cases, these meetings are open to the membership. All groups are encouraged to have announcements available in the registration area for members' information.

Smokers are requested to sit to the speaker's left during all sessions.

12 great things to

1. For fine, fresh seafood, try dining at the No Name restaurant on the edge of the Boston Fish Pier. There's no sign outside, but inside you'll feast on famous Boston scrod, shrimp, clams, and chowder—at surprisingly inexpensive prices. A cozy, lively nautical atmosphere with a view of the harbor.

2. Walk the red brick path of Boston's historic Freedom Trail from the Boston Common and Public Garden through a mile or so of downtown to the site of the Boston Massacre.

3. Stop by at the Fan Club for late-night dancing. You can get there late and stay until 2 A.M. Great music, great atmosphere.

4. Grab a taxi to Steve's Ice Cream in Somerville. A five minute ride takes you to the best homemade ice cream anywhere.

5. A first trip to Boston just wouldn't be complete without "Where's Boston", an unusual and exciting audio-visual introduction to the sights and sounds of "The Hub." (Faneuil Hall—Quincy Marketplace)

6. Boston's a great place to catch a play before it opens on Broadway! Call ARTS Line (261-1660) to find out what's playing at the Colonial, the Schubert, and the Wilbur.

7. Tour the art galleries and shops in the townhouses along Newbury Street, then stop at an outdoor cafe for lunch or a casual drink.

8. Visit The Harvest in Cambridge for a fine, exquisitely prepared lunch, brunch, or dinner. The menu is French-International, moderately expensive, and always exceptional. (And don't forget to order dessert!)

do in Boston

- 9.** While you're in Cambridge, look in on the Harvard Yard... tour the bookstores (they're open late almost every night)... and make a trip to the Wursthau for hearty German food and the largest selection of international beer around.
- 10.** Take a walk through Boston's North End and stock up with fruit from the pushcarts in the open market along the way. This ethnic Italian neighborhood is the home of Mike's pastry shop on Hanover Street, many espresso cafes, and Francesca's—a delightful Italian restaurant with tempting veal dishes.
- 11.** Another stop you won't want to miss is Faneuil Hall. This huge complex of restored warehouses is filled with restaurants, food stands, boutiques, and bars. You can even get chocolate chip cookies made while you wait. While you're there, enjoy the wholesome food and down-to-earth atmosphere of the Durgin-Park restaurant. Try the huge portions of roast beef or sample a meal of Boston baked beans.
- 12.** Whatever you decide to do in Boston, don't forget to drop by at the Wiley Booth (#9) and browse through the new fourth edition of Vander Zanden's *SOCIOLOGY*... Sullivan's *SOCIAL PROBLEMS*... and the new second editions of Baldrige's *SOCIOLOGY*, Leslie and Leslie's *MARRIAGE IN A CHANGING WORLD*, and McCary's *FREEDOM AND GROWTH IN MARRIAGE*.

STATES AND SOCIAL REVOLUTIONS

A Comparative Analysis of France, Russia, and China

THEDA SKOCPOL

Skocpol offers a frame of reference for analyzing social-revolutionary transformations in modern world history, and develops an in-depth, rigorous comparative-historical analysis of three major cases: the French Revolution of 1787-1800, the Russian Revolution of 1917 through the 1930's, and the Chinese Revolution of 1911 through the 1960's. "This is simply the best piece of political sociology I have ever read: an amazingly able, acute, and politically intelligent piece of analysis on one of the central issues in the understanding of the modern world."—*John Dunn* Hardcover \$29.95 Paper \$7.95

THE ORIGINS OF ENGLISH INDIVIDUALISM

The Family, Property, and Social Transition

ALAN MACFARLANE

"Drawing widely on behavioral and especially legal evidence from the 13th through the 18th centuries, [Macfarlane] argues that economic individualism has dominated English non-gentry society since at least 1200. If [he] is correct, he has destroyed most current understanding of the medieval economy and all of the classic attempts to explain England's purported uniqueness. The book will provoke controversy. . . ."—*Library Journal* Hardcover \$19.95 Paper \$6.95

MEANING AND ORDER IN MOROCCAN SOCIETY

Three Essays in Cultural Analysis

CLIFFORD GEERTZ, HILDRED GEERTZ and LAWRENCE ROSEN

An investigation of three aspects of Moroccan culture: the social organization of rural and urban life in a region of central Morocco, the bazaar and its functions in the region, and family life and kinship. The authors' intent is to isolate and describe some of the leading cultural ideas and attitudes that underlie social life in modern Morocco and related areas. Richly illustrated with a self-contained 72-page photographic essay, this book both contributes to the theoretical understanding of social life in that part of the world, and presents a comprehensible picture of that life.

CHANGE IN PUBLIC BUREAUCRACIES

MARSHALL W. MEYER

Professor Meyer uses the longitudinal method of analysis to study in detail the process of change in 240 city, county, and state public bureaucracies responsible for local financial administration. He discusses traditional theories of bureaucracy that emphasize the importance of environment for organizations, and whether generality in organizational theory is possible. Meyer's conclusion draws extensive theoretical implications from the empirical findings of the study.

The Environment From Surplus to Scarcity

ALLAN SCHNAIBERG, Northwestern University. Schnaiberg provides a social scientific perspective on the institutional roots of the environmental crisis. Rejecting popular explanations of environmental deterioration, he concentrates on the prevailing influence of the unequal distribution of income, consumption, and economic and political power. An analysis of the generation and distribution of social surplus unifies this discussion of environmental problems, their roots in industrial production, and the obstacles to movements for environmental reform.

SCHOOLED TO ORDER

A Social History of Public Schooling in the United States

David Nasaw. "History of education in its finest tradition, i.e., education as social history. . . Carefully researched, well written, and even handed, Nasaw's book is an important addition to the debate over the evolution of public education in the United States." — Library Journal

320 pp., \$13.95

THE ABCs OF LITERACY

A Guide for Parents and Educators

Stephen Judy. How severe is the "literacy crisis" in America? WAGE-EARNING WOMEN

Industrial Work and Family Life in the U.S. 1900 – 1930

Leslie Woodcock Tentler. This provocative book explodes the myth that jobs outside the home have led to women's emancipation. "The originality of this book consists of asking a new question of an old subject. . . . Tentler's conclusions are as surprising as they are persuasive. This is a fine example of how modern perceptions can throw fresh light on the past." — David Brody
